METROPOLITAN ATLANTA RAPID TRANSIT AUTHORITY

FY09 MARTOC Report

August 31, 2009

The Honorable Jill Chambers
Chair, Metropolitan Atlanta Rapid Transit Overview Committee
614 Coverdell Legislative Office Building
18 Capitol Square
Atlanta, GA 303034

Dear Representative Chambers,

MARTA is pleased to present to you our annual Report to the Metropolitan Atlanta Rapid Transit Overview Committee (MARTOC), which has been prepared in accordance with the requirements established by Section 14A and 17G of the MARTA Act. This report contains information pertaining to the 2009 Fiscal Year, which covers the period from July 1, 2008 to June 30, 2009.

MARTA faced serious economic challenges during the past fiscal year. The financial challenges consistently facing MARTA due to an inadequate funding structure were significantly exacerbated by the current international economic downturn.

In response to greatly reduced sales tax revenues, MARTA instituted several cost containment initiatives. Non-represented employees did not receive any merit increases during FY 09 and will not be receiving any during the current fiscal year. The labor agreement with Amalgamated Transit Union, Local 732 was to have expired on February 23, 2009 but, in recognition of the difficult financial situation facing the Authority, an eighteen month extension of the current contract was executed and there was no increase in the hourly wage rate for bargaining unit employees.

Despite these challenges, MARTA continued to provide leadership in the region's efforts to develop an integrated transit system. MARTA sought and received approval of the 13th Amendment to the Rapid Transit Contract and Assistance Agreement, expanding the list of projects for potential system expansion. MARTA continued to provide key leadership and staff resources to ensure the continuation of the important work of the Transit Planning Board as it transformed into the Transit Implementation Board and continued its important work of developing a governance and funding plan for the region.

Throughout this year, MARTA retained its commitment to provide safe, reliable service to our patrons. Recognizing the reliance on public transit of many of our customers, much effort was expended in minimizing the impact on service levels during this difficult economic downturn.

We hope that you find this report to be informative relative to the current state of the Authority. Please note that we have modified the *Employee Salary* section to include updated definitions of the various components comprising the salaries paid to employees earning an annual base salary of \$20,000 or more.

As required by the MARTA Act, verified copies of this report will be filed with MARTOC, the presiding officers of the State Senate and State House of Representatives, and the State Auditor, as well as the governing authorities of each county and the largest municipality in the area served by MARTA. It will be properly advertised, will be available at MARTA's principal office for public inspection, and will be posted on the Authority's website.

As Chair of the Board and General Manager / Chief Executive Officer of MARTA, we verify the contents of this report to be as accurate and complete as reasonably possible and in compliance with our understanding of the requirements of the above mentioned legislation. We have made every attempt to provide comprehensive information within this document. Should any additional information or clarification be required, please do not hesitate to contact us at 404/848-5313.

Sincerely,

Michael Walls

MARTOC REPORT

2009

METROPOLITAN ATLANTA RAPID TRANSIT AUTHORITY EMPLOYEES WITH ANNUAL COMPENSATION OF \$20,000 OR MORE

The following definitions explain the figures included in the report:

- Increase – The difference between the current annual base salary and the base salary reported in the previous MARTOC Report. May include automatic step increases, (union employees), merit increases (non-union employees), promotions, progressions, adjustments resulting from wage/salary updates, and other salary adjustments. The report also reflects employees moving from part-time/contract to full-time positions during the year.
- Base Salary – The annual salary for non-union employees; the hourly rate multiplied by the total annual regular hours for union employees.
- Regular Earnings – Includes time entry wages/salary, Paid Time Off (PTO) taken/sold, Long Term Sick (LTS) and other leave pay, training pay, uniform/tool allowance, etc.
- Gross Earnings – Reflects fiscal year-to-date gross earnings. May include overtime pay, deferred compensation, sold PTO, union arbitration awards, taxable value of such perquisites as use of company car and life insurance, uniform/tool allowance, and other pay peculiar to existing MARTA employment agreements.
- Overtime – Overtime payments are made for (1) scheduled overtime, in which overtime is built into the employee's routine work assignment, and (2) unscheduled overtime, in which overtime is assigned, as needed, to cover employee absences or to meet special work needs. Scheduled overtime is necessary because most service routes cannot be fit into a routine eight-hour shift. Unscheduled overtime is necessary because of unexpected employee absences, and an unanticipated need for repair work either to stations, tracks, buses, or trains.

***An asterisk before the position indicates a union position.**
